To: DEQ Asbestos Online Submission Notice;
Subject: Annual Standard Operating Project Designs
Date: Friday, November 16, 2012 11:45:28 AM

This is just a reminder that Annual Standard Operating Project Designs (SOPD) must be renewed annually in writing to Department of Environmental Quality. When a project designer's accreditation expires, the annual SOPD also expires. If you haven't renewed your annual SOPD, you must renew it before submitting any project permit applications based upon an annual SOPD. DEQ reviews the SOPD and issues a number for the SOPD to be used on project permit applications.

If you have any questions, call DEQ at (406) 444-5300.
