Dear Mr. Sennett:

This letter shall serve as notification of the transfer of Air Quality Permit #1611 from Fisher Sand and Gravel to Century Paving.

The Air Quality Bureau had notified Fisher Sand and Gravel that the 1969 Standard Steel Batch Plant Model 5000 would be required to be tested prior to October 31, 1988. This condition now applies to Century Paving.

Sincerely,

Charles Homer
Environmental Specialist

Dickinson, North Dakota 58601

Attention: Dennis Lardy

Your air quality permit application dated June 22, 1981 and received in this office on June 24, 1981 for an asphalt plant to be located in Dawson County is approved. The application was given Permit Number 1611.

Conditions:

1. Visible emissions from any plant source must not exceed 20 percent opacity.
2. Particulate emissions from the stack must not exceed 58.5 lbs/hour.
3. Dust suppression to be used as necessary on haul roads and in general plant area.

We appreciate your interest in this matter.

For the Department

Harry Keltz
Engineering Supervisor

PRELIMINARY DETERMINATION
ON PERMIT APPLICATION

July 13, 1981
Date of Mailing

Name of Applicant: Fisher Sand and Gravel

Source: Standard model asphalt plant

Location: Sec. 35, T16N, R54E, Dawson County

Proposed Action: The Bureau proposes to issue with conditions the permit to the above named applicant. The application was deemed complete and filed on July 8, 1981 and assigned permit application number 1611.

Proposed Conditions if any:

1. Visible emissions from any plant source must not exceed 20 percent opacity.
2. Particulate emissions from the stack must not exceed 58.5 lbs/hour.
3. Dust suppression to be used as necessary on haul roads and in general plant area.

Public Comment: Any members of the public desiring to comment must submit such comments in writing to the Bureau at the above address. Comments may address the Department analysis and determination and information submitted by the applicant. In order to be considered, the comments must be received within 15 days of this notice, July 28, 1981. Copies of the application and the Department's analysis may be inspected at the Bureau's office in Helena or at the Billings Regional Office, 3314 2nd Avenue North, Billings, Montana.

Final Action: A final decision must be made within 60 days of filing, which is September 8, 1981. The Bureau will make a final decision on the application on July 30, 1981. A copy of the final action may be obtained at the above address from Dean Arthun.

Procedures for Appeal: Any person jointly or severally adversely affected by the final action may request a hearing before the state Board of Health and Environmental Sciences. Any appeal must be filed within 15 days after the Department renders its final decision. The request for hearing shall contain an affidavit setting forth the grounds for the request. Any hearing held will be held under the provisions of the Montana Administrative Procedures Act. Three copies of any requests for hearing should be addressed to: Chairman, Board of Health and Environmental Sciences, Cogswell Building, Helena, Montana, 59620.
