Maximum Reimbursable Costs for Corrective Action Plans and Reports

As of January 2019

The Board has been tracking costs associated with the standardized formats since January 2005. The costs associated with the standardized corrective action plans and reports have been analyzed in accordance with ARM 17.58.341(8) to obtain the cost ceilings. The first table provides the maximum reasonable reimbursement for a standard corrective action plan. The second table provides the maximum reasonable reimbursement for a standard report format. Maximum reimbursement includes all material and labor costs associated with plan and report production (copies, binding, etc).

Standardized Corrective Action Plan Names	Acronym	Maximum Reimbursement
Groundwater Monitoring CAP	CAP_MR-01	\$625.00
Standard Initial CAP	CAP_RI-01	\$1,085.00
Standard Initial RI CAP Additional CAP	CAP_RI-02	\$1,205.00
Groundwater Monitoring (Abbreviated) CAP	CAP_AC-01	\$480.00
Soil Boring & Monitoring Well Installation (Abbreviated)	CAP_AC-03	\$965.00
Contaminated Soil Excavation & Disposal CAP	CAP_AC-04	\$1,045.00
Abbreviated Abandonment of Monitoring Wells CAP	CAP_AC-08	\$400.00

Standardized Report Names	Acronym	Reimbursement
Groundwater Monitoring Report	RPT_MR-01	\$1,815.00
Initial RI Report	RPT_RIR-01	\$3,175.00
Additional RI Report	RPT_RIR-02	\$3,010.00
Abbrev. Groundwater Monitoring Report	RPT_AR-01	\$1,500.00
Abbrev. Soil Boring & Monitoring Well Installation Report	RPT_AR-03	\$2,525.00
Abbrev. Excavation & Disposal of Soils Report	RPT_AR-04	\$3,020.00

RI – means Remedial Investigation
