PART 1: APPLICANT PERSONAL INFORMATION

Name		Social Security Number	
Mailing address		City	State Zip
Street address <input type="checkbox"/> Same as mailing address		City	State Zip
Email address (Required)		Primary phone number	Secondary phone number
Has the applicant previously received an AERLP loan? <input type="checkbox"/> Yes <input type="checkbox"/> No If yes, what year was loan received?			
Does the applicant have a lock on their credit? *			<input type="checkbox"/> Yes <input type="checkbox"/> No
Has the applicant ever declared bankruptcy? **			<input type="checkbox"/> Yes <input type="checkbox"/> No
Is the applicant a party to any lien or lawsuit? **			<input type="checkbox"/> Yes <input type="checkbox"/> No
Are there any delinquent payroll, income or property taxes owed by the applicant? **			<input type="checkbox"/> Yes <input type="checkbox"/> No

PART 2: CO-APPLICANT PERSONAL INFORMATION

Name		Social Security Number	
Mailing address <input type="checkbox"/> Same as applicant		City	State Zip
Street address <input type="checkbox"/> Same as mailing address		City	State Zip
Email address (Required)		Primary phone number	Secondary phone number
Has the co-applicant previously received an AERLP loan? <input type="checkbox"/> Yes <input type="checkbox"/> No If yes, what year was loan received?			
Does the co-applicant have a lock on their credit? *			<input type="checkbox"/> Yes <input type="checkbox"/> No
Has the co-applicant ever declared bankruptcy? **			<input type="checkbox"/> Yes <input type="checkbox"/> No
Is the co-applicant a party to any lien or lawsuit? **			<input type="checkbox"/> Yes <input type="checkbox"/> No
Are there any delinquent payroll, income or property taxes owed by the co-applicant? **			<input type="checkbox"/> Yes <input type="checkbox"/> No

*Running a credit check is part of the financial review. As a protection against unauthorized credit access individuals may choose to lock their credit so it cannot be accessed without authorization.

**If the answer to any of these questions is "yes", please provide details in Part 10 of this application. Answering "yes" to these questions does not necessarily disqualify applicant.

To your knowledge, has this project generated public concern or controversy?			
<input type="checkbox"/> Yes <input type="checkbox"/> No			

**If applicant leases the property, please include a letter from owner granting permission for the project to proceed.*

5b. Alternative Energy System Information

Check and complete sections for **all** technologies that will be included in loan request. Include additional sheets if necessary. Installer or supplier may be able to assist with technical information and projected cost savings.

☐ Solar photovoltaic (PV) or ☐ Wind

Generating capacity (kW)	Projected energy production in first year of operation (kWh)	
Current annual energy usage (kWh)	Projected energy cost savings in first year of operation	
	\$	
Percentage of offset (production divided by usage)	If offset is over 110%, please provide explanation of oversized system (Use Part 10, if needed):	
Will system be connected to the grid?	Does the system include batteries? <input type="checkbox"/> Yes <input type="checkbox"/> No	
<input type="checkbox"/> Yes <input type="checkbox"/> No If yes, to what utility?	If yes, list battery capacity:	
Mounting system (solar only)	Tower height, feet (wind only)

		\$
Installer/supplier business name	Installer/supplier contact name	Installer/supplier email
Additional notes		

☐ Solar thermal/Solar hot water

Total collector surface area (sq. ft.)	Projected energy production in first year of operation (MMBTU)	
Type of collectors	Projected energy cost savings in first year of operation	
<input type="checkbox"/> Flat plate <input type="checkbox"/> Evacuated tube		
What purpose will the system be used for?	Is water storage tank/heater included in system?	
<input type="checkbox"/> Water heating <input type="checkbox"/> Space heating <input type="checkbox"/> Other	<input type="checkbox"/> Yes <input type="checkbox"/> No If yes, volume of tank (gallons):	
Expected installation completion date	Expected life of system (years)	Total installed system cost
		\$
Installer/supplier business name	Installer/supplier contact name	Installer/supplier email
Additional notes		

☐ Ground source heat pump/Geothermal heat pump

Location of any trenching, excavation, well drilling, source wells or discharge wells must be noted on site map.

Heating/cooling capacity (tons)	Projected energy cost savings in first year of operation	
	\$	
Will the system use a horizontal or vertical loop field?	Will the system be closed loop or open loop?	
<input type="checkbox"/> Horizontal <input type="checkbox"/> Vertical	<input type="checkbox"/> Closed <input type="checkbox"/> Open	
Will the system discharge water?	If yes, how many gallons per minute?	
<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> N/A	
Discharge method or location		
<input type="checkbox"/> N/A		
What purpose will the system be used for?		
<input type="checkbox"/> Space heating <input type="checkbox"/> Space cooling <input type="checkbox"/> Water heating <input type="checkbox"/> Other:		
Expected installation completion date	Expected life of system (years)	Total installed system cost
		\$
Installer/supplier business name	Installer/supplier contact name	Installer/supplier email
Additional notes		

☐ Other alternative energy system

Please provide a description of other alternative energy system(s), including energy source, generating capacity, projected annual energy production, projected energy cost savings, expected completion date, expected life of the system, total installed cost and any additional notes in Part 10 of this application form.

5c. Energy Conservation Measures

Energy saving measures may be included in the loan request for an alternative energy system; however, energy conservation measures may not be financed through the AERLP as a stand-alone project. Please provide a description of proposed energy conservation measures, including R-value for insulation, U-value for windows, projected energy, and cost savings (if known), expected completion date, expected life of the system, itemized bid or invoice, and any additional notes in Part 10 of this application form.

PART 6: PROJECT COSTS, LOAN REQUEST & OTHER FUNDING

6a. Summary of Project Costs

List total installed cost of each alternative energy system and energy conservation measure included in loan request. Applicant must attach itemized bids or invoices for each system or measure.

Energy system(s) and conservation measure(s)	Total installed cost
1.	\$
2.	\$
3.	\$
Total project cost (sum of lines 1-3)	\$

6b. Loan Request

List loan request and estimate fees and closing costs below. Closing costs are generally included in total loan amount and are taken from loan proceeds by the Montana Business Assistance Connection, AERLP's financial services provider; however, applicant may request to pay fees separately. Actual fees and loan amount will be detailed in loan commitment statement provided to applicant upon application approval.

1. Loan Request (may not exceed \$40,000)	\$
2. Origination fee* (2% of loan request or \$250, whichever is greater)	\$
3. Other closing costs* (estimated \$200)	\$ 200.00

**These are estimates. Actual fees and approved loan amount will be detailed in loan commitment statement.*

6c. Other Funding

If loan amount does not cover total project cost, please list other funding sources (e.g., grant, cash, financing).

Funding source	Amount
1.	\$
2.	\$
Total funding (sum of lines 1-2)	\$

PART 7: SUPPORTING DOCUMENTATION

7a. Application Checklist – Additional Documentation May Be Required Upon Request

Submit the following supporting documentation and materials to DEQ:

- ☐ Completed, initialed, and signed application form (this form).
- ☐ Project proposal including itemized bid or invoice listing model(s) and quantities of equipment.
- ☐ Energy analysis, including projected annual energy production, and annual energy consumption at facility where energy project will be located, based on recent energy bills or usage history. For off grid or new construction projects, include a load sheet documenting major sources of energy usage (i.e., HVAC, lighting, appliances, etc.).
- ☐ Product brochures for each major piece of equipment to be financed (i.e., PV panels and inverter).
- ☐ Site map showing where equipment will be installed, including area of all excavation. A copy of an internet-based satellite map with project location and soil disturbance indicated is sufficient.
- ☐ Documentation of income:
 - ☐ Three most recent paystubs for regular earnings **AND**
 - ☐ Documentation of any other income to be considered for loan qualification (i.e., disability, pension, Social Security, etc.) **OR**
 - ☐ If self-employed, a copy of your most recent tax return, including schedules that detail income and expenses.

PART 8: CERTIFICATIONS

8a. APPLICANT(S) AUTHORIZE the Montana Department of Environmental Quality (DEQ) Alternative Energy Revolving Loan Program (AERLP) and contractors of the AERLP to verify any facts it deems necessary for loan analysis, including contacting, without further notice, any bank, credit reporting and credit bureau agencies and associations to obtain credit information.
