

Solar Energy & Small Wind Generation in Montana

FREE SEMINARS on CLEAN ENERGY

6:00 p.m. – 9:00 p.m. (all locations)

NO PRE-REGISTRATION REQUIRED

Tuesday, October 18, 2016

Sheridan Courthouse Library
100 W Laurel Ave • Plentywood, MT

Wednesday, October 19, 2016

Northern Plains Ag Research Service
1500 North Central Ave • Sidney, MT

Thursday, October 20, 2016

Miles City Community College
Room 107, 2715 Dickinson St. • Miles City, MT

Hundreds of homes and businesses in Montana have turned to clean energy to offset power bills while contributing towards improving our air, water, and soil. This three hour seminar covers solar electricity, solar hot water, small wind generation, financing, rebates, and ways to sell power back to the power company. There will also be demonstration equipment, handouts, and time for questions and answers.

Presented by:
Christopher Borton
Sage Mountain Center
