RE: July – August 2016 Progress Report
Stimson Lumber Company, Bonner Cooling Pond Removal Project
Administrative Order on Consent, Docket No. SF-10-0001

Messrs. Large and Martin:

Pursuant to Section 81A of the referenced Administrative Order on Consent (AOC), this letter is submitted on behalf of Stimson Lumber Company as a monthly progress report for the preceding period of July through August of 2016.

Financial Assurance: DEQ has approved Stimson's proposed financial assurance and Stimson is proceeding to acquiring the requisite Letter of Credit. Future financial assurance is related to monitoring activities for the on-site repository.

Groundwater Monitoring: Groundwater monitoring results from June were received and have been forwarded to DEQ. All PCBs were non-detect but hydrocarbons continue to be detected in MW-11.

Institutional Controls: Stimson and DEQ have agreed upon language to be included with the deed and this has been forwarded to the current land owner for review and recording.

Respectfully Submitted,

STEVEN A. PETRIN
Environmental Manager
