RE: June – July 2019 Progress Report
Stimson Lumber Company, Bonner Cooling Pond Removal Project
Administrative Order on Consent, Docket No. SF-10-0001

Messrs. Large and Martin:

Pursuant to Section 81A of the referenced Administrative Order on Consent (AOC), this letter is submitted on behalf of Stimson Lumber Company as a monthly progress report for the preceding period of June through July of 2019.

Remediation: Remediation is presumed complete – there is nothing to report relative to further remediation.

Monitoring: Groundwater sampling of the repository wells and sumps was completed in June. Samples from the remediation area wells have met standards for some time and Stimson expects to cease sampling of those wells. Stimson is awaiting word on whether to abandon the wells. Repository monitoring will continue.

There is nothing further to report for this period.

Respectfully Submitted,

STEVEN A. PETRIN
Environmental Manager
