Dear Sir,

Tintina Resources Inc., is pleased to submit this second revision, dated May 8, 2017, to its Mine Operating Permit application for our underground Black Butte Copper Project. We thank you and the Hard Rock Mining Bureau for your professional analysis and review during this deficiency phase of permitting.

We look forward to completing our Mine Operating Permit and continuing to work the Department of Environmental Quality on permitting the Black Butte Copper Project.

Sincerely,

John Shanahan
