

## PUBLIC NOTICE

The Department of Environmental Quality's (DEQ) Waste Management and Remediation Division, Waste Management and Underground Tank Management Bureau, Septic Tank Pumper (STP) Program received an application for licensure of the land application of septage in Amsterdam, Montana (Proposed Action). DEQ has reviewed the application and has determined it is complete. The name and address of the applicant is:

Lori Dooley  
6020 Kessler  
Belgrade, MT 59714

The proposed site encompasses approximately 100 acres of Vander Molen property located approximately 10 miles south of Manhattan in Gallatin County, Montana, at 9363 Camp Creek Road (Site). The purpose of this notice is to inform the public of the Proposed Action and to seek public participation in the decision-making process.

To comply with the Administrative Rules of Montana (ARM) 17.4.607(2), 608, 609, and 610, a draft environmental assessment (EA) has been published on November 25, 2020. A supplemental draft EA is now being published due to a change in the application. A hard copy of the supplemental Draft EA may be obtained from the STP Program at the address below, and is published on DEQ's website at: <http://deq.mt.gov/Public/ea/septicpumpers>

The deadline for submitting comments on the proposed licensure of the septage land application site is January 8, 2021. Comments may be mailed to:
