

Enforcement & Clean-up Focus Area Asbestos Advisory Group

Last revised date:

Issue Statement #1
Review DEQ's asbestos enforcement / compliance process.
Current Condition
A complaint process is posted on Basecamp for review and examination.
Desired Condition (members to highlight comments in different colors and initial)
Proposed revisions to the process may be summarized here.

Issue Statement #2

Review how DEQ remediates asbestos in soil caused by human activity. Examine the need for DEQ clean-up policies with actual risk to human health exposures.

Current Condition

Colorado's regulated asbestos contaminated soil rules are posted on Basecamp.

Desired Condition (members to highlight comments in different colors and initial)

Comments on asbestos soil remediation may be summarized here.
