This is an **EXTERNAL** email. Do not click links or open attachments unless you validate the sender and know the content is safe.

Thank you for the update Keith. DEQ has no issue with this postponement. Please continue to keep me in the loop regarding rescheduling the sampling and gauging event.

Thank you, Hannah

**Subject:** [EXTERNAL] Status of spring 2020 KRY groundwater sampling event

Hannah,

The KRY spring groundwater sampling at KRY was scheduled for the week of April 13, 2020 but due to COVID-19 safety concerns, and recommended social distancing protocol, we are postponing the sampling. We will monitor the situation and reschedule the sampling and gauging event once we have further assessed personnel safety. We will continue with monthly O&M as only one person will be onsite for a short duration and social distancing can be adhered to.

Please let us know if you have any concerns or comments with this request.

Thank you,  
Keith
