Moriah, I'm forwarding you an email sent to Jessica for your review while she is out of the office on maternity leave. Thank you.

.....

Jessica, to comply with the recommended social distancing and the limiting/closing of social services due to the Coronavirus we plan on postponing the Whitefish groundwater sampling event until the situation has cleared. O&M on the interceptor trench will continue on a monthly basis as only 1 person is needed for the work, it takes less than 1 day to complete, and KJ can maintain social distancing with this scope of work.

Please let me know if you have any questions or concerns.

Thank you,  
Doug
