

NOTICE OF PUBLICATION OF CATEGORICAL EXCLUSION
CITY OF THOMPSON FALLS, MONTANA
WATER SYSTEM IMPROVEMENTS PROJECT - 2015

TRANSMISSION MAIN REPLACEMENT AND INSTALLATION OF WATER SERVICE METERS

November 9, 2015

The Montana Department of Environmental Quality has reviewed the above-named project. The project consists of replacing: approximately 900 feet of existing transmission main on Haley Avenue from 300 feet west of Eddy Street to Golf Street; approximately 8,500 LF of existing transmission water main with a 10-inch PVC water main from the Jefferson Tank to the Ashley Creek Tank north of the City; 2 new water services; appurtenances including valves and flushing hydrants; air-release valve vault; provide new remote read meter system and replace approximately 670 existing water meters in building structures.

The proposed project is located within the City of Thompson Falls.

Pursuant to ARM 17.40.318, the department has concluded that the proposed project meets the categorical exclusion criteria of the National Environmental Policy Act (NEPA) and the Montana Environmental Policy Act (MEPA).

The documentation for this categorical exclusion is available for public review at the following locations:

Department of Environmental Quality
State Revolving Fund Loan Program
1520 East Sixth Avenue
Helena, MT 59620

City of Thompson Falls
108 Fulton Street
PO Box 99
Thompson Falls, MT 59873

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark A. Smith", is written over a horizontal line.

Mark Smith, Acting Bureau Chief
Technical & Financial Assistance Bureau
Planning Prevention and Assistance Division
Montana Department of Environmental Quality
