

NOTICE OF PUBLICATION OF CATEGORICAL EXCLUSION
ROBERTS/CARBON COUNTY WATER AND SEWER DISTRICT
ROBERTS, MONTANA

WPCSRF PROJECT#: C301305

ROBERTS /CARBON COUNTY FORCE MAIN REPLACEMENT
September 13, 2018

The Montana Department of Environmental Quality has reviewed the above named project. The proposed project will replace approximately 1,250 linear feet of cast iron force main pipe with 8-inch diameter high density polyethylene (HDPE) force main pipe, install new magnetic flow meter, meter vault, and associated valves. The existing pipe will be replaced in its current location except for the section of pipe that crosses under Rock Creek, which will be constructed lower because it will be directionally drilled. The new pipe will eliminate pipe breaks and provide a more reliable system for the District.

Pursuant to ARM 17.40.318, the Montana Department of Environmental Quality has concluded that the proposed project meets the Categorical Exclusion criteria of the National Environmental Policy Act (NEPA) and the Montana Environmental Policy Act (MEPA). The Categorical Exclusion may be revoked if the project is not initiated within the time period specified in the Preliminary Engineering Report, a new or modified application is submitted, or new evidence demonstrates serious local or environmental issues exist, or state, local, tribal, or federal laws are violated.

The documentation for the Categorical Exclusion is available for public review at the following locations:

Department of Environmental Quality
State Revolving Fund Loan Program
1520 East Sixth Avenue
Helena, MT 59601

Mike Gebhardt, Board President
Roberts County Water/Sewer District
South 1st Street
Roberts, Montana 59070
