1	WHEREUPON, the following proceedings were
2	had:
3	* * * *
4	CHAIRMAN MILES: We'll get started here.
5	I want to make sure the Board members are still on
6	the phone. Chris, are you still there?
7	(No response)
8	BOARD MEMBER REINHART-LEVINE: Yes,
9	still here.
10	CHAIRMAN MILES: Thank you, Michele.
11	And I know that Marietta was going to sign off at
12	this point, so we just need to get Chris back.
13	BOARD MEMBER CANTY: I'll go ahead and
14	sign off, Joan.
15	(Ms. Canty not present)
16	CHAIRMAN MILES: Chris, I'm trying to
17	find out if you're on the line still.
18	(No response)
19	CHAIRMAN MILES: Do you have the phone
20	on mute?
21	BOARD MEMBER TWEETEN: Chris.
22	CHAIRMAN MILES: Okay. Thanks, Chris.
23	We were just looking for you. Thank you very
24	much. We're reconvening. Marietta Canty has
25	recused herself for the rest of this discussion.

but we have five of us, Rob Byron, Roy O'Connor, and myself; Michele and Chris are on the line.

So we will take up the matter of Western Energy and the Rosebud Mine that we heard in November. Is there anyone who wants to start a discussion on the outstanding motion for summary judgment?

Is there anyone that wants to comment on this, please?

BOARD MEMBER TWEETEN: Madam Chair, I think that if one were to comb the briefs and comb the record, one would find numerous questions of material fact here that are suggested by the Department's response brief, where the Department I think has done a very thorough job of going through the papers basically, or the evidence basically line by line, and then looking at the Petitioner's brief, and identifying a substantial number of places where there appears to be a conflict in the evidence.

So I guess I would start from the position that whatever we might think about the merits, based on the limited amount of information that's in front of us -- and I say limited advisedly obviously, because there is a huge

_

CHAIRMAN MILES:

I'm wondering if a

amount of information in front of us -- but there would be much more were we to get this case back after an evidentiary hearing.

So in that sense, I think what we're looking at here is just a slice of the picture, that making a decision based on what's in front of us I think would be reversible error given the substantial number of points that are contested by the Department and the Petitioner.

So I'm starting from the position that I think that a remand is probably required here for a full blown evidentiary hearing before we can determine this issue. And remand is probably not the right word, because as I understand the status of this, the Board has not assigned this to a Hearing Examiner, so we would have to take up that matter --

CHAIRMAN MILES: That's correct.

BOARD MEMBER TWEETEN: From where I'm standing right now, I think if we remand this to the Hearing Examiner with instructions to conduct an evidentiary hearing on the allegations in the petition, and then give us a proposed decision based on that.

motion to remand is even the appropriate one, or if it is just to deny summary judgment, and then that automatically continues in a -- I'm just trying to find the appropriate motion, if we

concur with what you're saying.

MR. REED: Madam Chair, I think Mr.

Tweeten has it exactly right. The motion for summary judgment currently before the Board would be denied, the matter would be referred or remanded -- I don't think the term of art is particularly relevant -- to a Hearings Examiner for a full hearing, and then the Hearings Examiner would set the schedule for and conduct that hearing, and get proposed findings and conclusions from the parties.

BOARD MEMBER TWEETEN: I could not have said it better myself, Madam Chair.

BOARD MEMBER REINHART-LEVINE: This is Michele. And I agree. There appear to be many facts that are in dispute that are material, and would agree with denying the motion for summary judgment.

But I think that we should probably hear the evidentiary hearing ourselves because ultimately it's all going to probably come back to

us anyway, and if we do hear the hearing, I think it will help us better understand the issues, have an opportunity to cross-examine expert witnesses, and be more well versed in the evidence when the matter does ultimately come back to us.

CHAIRMAN MILES: Further discussion?

I would anticipate that would be a several day hearing potentially. I'm guessing.

Just food for thought. Anyone else?

BOARD MEMBER TWEETEN: Perhaps we might ask Ben his view on how extensive an evidentiary hearing might be in this case. He may be more familiar with the record evidence than anybody at this point.

MR. REED: Madam Chair, I believe that the parties could get it done in between three to five days, but I suspect that the parties would -- given that parties have at least -- I think that there might be areas in which the hearing could be truncated. But I'm not familiar at this point as to whether --

I believe that MEIC does have an expert, and I'm looking over in the direction of Counsel for MEIC. The primary thing that would tend to prolong a hearing would be whether the parties

needed to present expert testimony, and that expert testimony diverged significantly.

CHAIRMAN MILES: We might be jumping ahead a bit on trying to figure out what a hearing would look, but as long as you're up there, Mr. Hernandez.

MR. HERNANDEZ: Yes, if I will. We had a schedule that had expert disclosures. We never reached that point. So we have not made decisions about experts at this point. And if it were to go to a hearing, we'd want to have the opportunity to obtain experts and find out information about their experts. So I think the question is still open, Madam Chair.

CHAIRMAN MILES: And that may be jumping ahead. I think we need to get a sense first of whether people agree with the suggestion to deny summary judgment.

And I would comment that I can't disagree with the fact that there appears to be disputed facts that are material to this, but I do for the record want to say that I do think there is some very important questions of law as well, as was pointed out in the briefs supporting the motion for summary judgment. So I don't think

this is all just a question of factual disputes, but I do believe that there are enough that would probably make it inappropriate to grant summary judgment at this point.

BOARD MEMBER TWEETEN: Madam Chair, I agree with you on that point. I do think, though, that we will make a more informed decision with respect to those issues of law if we have a fully fleshed out factual picture in front of us as opposed to trying to discern the facts based on declarations and exhibits that are in many instances contested.

CHAIRMAN MILES: I agree with your assessment there. Any comments from others?

BOARD MEMBER TWEETEN: Madam Chair, if I might, one more point. Another way to shorten the hearing might be to look at the way that the Public Service Commission handles their technical matters in the proceedings in front of them.

Their practice generally is for the experts to submit their direct examination testimony in writing in advance of the hearing, and then the experts would appear and be available for cross-examination by the other party. I think this tends to sharpen the focus of the issues with

respect to which the experts will be testifying.

It would give the Board an opportunity to review that direct testimony in advance of the hearing, and thus be better prepared to understand, cross-examination, and ask questions of its own.

So I'm just throwing that out as an option in the event you decide to take this path.

CHAIRMAN MILES: Does that make sense to you, Mr. Haladay, that suggestion?

MR. HALADAY: That does. I can make sure that it is permissible to do it that way, but if the Board so chose, that would be one way you could go.

CHAIRMAN MILES: Further discussion?
(No response)

CHAIRMAN MILES: So Chris, could you perhaps restate -- or maybe you haven't made a motion, but if you would place one on the floor.

BOARD MEMBER TWEETEN: Madam Chair, I have not made a motion, so let me make one now.

I move that the Board overrule the

Petitioner's motion for summary judgment, and that

the Board appoint a Hearing Examiner to preside

over proceedings in this matter on remand, and

direct the Hearing Examiner to conduct a hearing

MS. HOULE: Dr. Byron.

BOARD MEMBER DR. BYRON: Yes.

MS. HOULE: Thank you. I guess that's

that.

MS. CONVERY: May I address the Board

for just a brief moment?

CHAIRMAN MILES: Yes, if that's appropriate.

MS. CONVERY: It is in response to the comment made by Mr. Hernandez, if I may just very briefly.

CHAIRMAN MILES: I don't want to get into anything argumentative.

MS. CONVERY: No, nothing argumentative. I do want to raise an objection however to the assertion made by Mr. Hernandez. I would like to point out that there was a scheduling order in this matter, that there was a date for disclosure of witnesses and exhibits. That discovery has closed, and that Petitioners have not met that deadline. In fact they have not identified any witnesses or experts in this matter, or exhibits that they intend to introduce at the contested case proceeding.

So I would just like to object to the fact that they suggest that the schedule was open to that at this point, and that it would further prejudice the Department, as well as the Respondent Intervenors, if discovery were reopened in order to allow them to introduce additional

witnesses or experts at this time. Thank you.

CHAIRMAN MILES: Well, then I need to give Mr. Hernandez an opportunity here.

MR. HERNANDEZ: Absolutely, Madam Chair. The scheduling order provided a date for disclosure of experts. That was thirty days prior to a hearing. The Board decided that this matter should be addressed via summary judgment first. Therefore, we never had a hearing. The scheduling order that had the initial hearing date was vacated, so there was no hearing, and therefore there was no deadline thirty days prior to a hearing to submit expert disclosures.

We note that in discovery responses, both Western Energy Company and the Department said that they would give us their expert disclosures at the deadline prior to the hearing, and they used that as an excuse not to give us certain discoverable information. When that matter was -- When the scheduling order that allowed disclosure prior to hearing was vacated, that disclosure went away. So we would be handicapped and prejudiced going into the hearing without having had the opportunity to see this disclosure and scrutinize it.

1 CHAIRMAN MILES: Thank you.

BOARD MEMBER TWEETEN: Madam Chair, may

3 | I?

CHAIRMAN MILES: I'm going to let Mr.

Tweeten speak for a minute.

BOARD MEMBER TWEETEN: Thank you. The scope of the remand to the Hearing Examiner includes the opportunity on the Hearing Examiner's part to set a scheduling order, and I think it is premature for us as a Board to consider any objections to a scheduling order that doesn't exist yet with respect to how it is prejudicial to the parties.

So while I don't necessarily agree with the Petitioner that it was the Board that decided that this would go on summary judgment, they are in fact the ones that filed the motion, so I'm not sure how much discretion we had to do anything other than to hear their motion.

But that being said, I just want it clear on the record that the scope of the remand, or the assignment to Mr. Haladay is going to include an opportunity on his part to set a new scheduling order, and an opportunity for the parties to object to that if they want and make

15 their record, which would then come back to us as 1 2 part of the appeal on whatever proposed decision the Hearing Examiner makes. 3 MR. HERNANDEZ: We're amenable to that 4 5 approach. CHAIRMAN MILES: And Western Energy. 6 7 MR. MARTIN: We're also amenable to that And let me just for the record add that 8 approach. there were Interrogatories in this case. We asked 9 for the identification of all of the witnesses. 10 No witness was identified for the other side. 11 12 I agree with Mr. Tweeten that the appropriate 13 procedure here is to have that issue addressed by 14 the Hearing Examiner. Thank you. 15 CHAIRMAN MILES: I think that that is 16 the appropriate course, and I did not want to get 17 into any arguments here on issues that will be

addressed by Mr. Haladay. Any further discussion on this matter?
