Date construction is expected to start:

Estimated completion date:

Environmental Review

Describe any land disturbance activities (square feet or trench area, distance to local streams or rivers, depth to water table, sensitive plant or animal species in the area), related to this project. Will you be pumping and discharging groundwater? Describe the gallons per minute and the discharge method. Attach a map showing all the equipment to be installed and the area of disturbance. Will any historical buildings be involved with the project?

DEQ will use either state funds, or federal American Recovery and Reinvestment Act (ARRA) funds for approved loans, at its discretion. Borrowers will be notified which funds will be used on the commitment statement and loan documents.

Reporting Requirements

Because ARRA funding (stimulus funds) may be used for this loan, the following items may be posted on the recovery website: the city, the county, the loan amount and type of technology being financed with recovery funds.

Initial

Documentation Requirements

Applicant(s) understand that if approved for the loan, applicant(s) are required to provide photographs of the energy project to the DEQ Alternative Energy Revolving Loan Program within 30 days after installation to verify eligible use of loan funds.

Initial

*******IMPORTANT – READ CAREFULLY – Authorization to Release Credit Information *******

APPLICANT(S) CERTIFIES AS FOLLOWS: that applicant(s) is a resident of Montana; that applicant(s) will use loan proceeds only to construct the energy project described; that the applicant(s) will comply with all applicable rules and laws intended to preserve or enhance environmental quality; that applicant(s) will obtain all applicable local, state, and federal permits, approvals and licenses and comply with their conditions and terms. Applicant(s) authorize the Alternative Energy Revolving Loan Program to verify any facts it deems necessary for loan analysis, including obtaining my/our credit report. Applicant(s) authorizes DEQ to use their project information and project photos to explain or promote the loan program.

I have completed the application and attached all documents requested and the application fee of: \$50.00/\$100.00, payable to Department of Environmental Quality.
