

## Management Method Codes

Management method codes describe the type of hazardous waste management system used to treat, recover, or dispose a hazardous waste. Select the final substantive method used.

| <b>Reclamation and Recovery</b>                                   |   |
|---|---|
| <b>Code</b>   | <b>Management Method Code Description</b>   |
| H010  | Metals recovery including retorting, smelting, chemical, etc.   |
| H020  | Solvents recovery (distillation, extraction, etc)   |
| H039  | Other recovery or reclamation for reuse including acid regeneration, organics recovery, etc (specify in comments).  |
| H050  | Energy recovery at this site - used as fuel (includes on-site fuel blending before energy recovery; report only this code)  |
| H061  | Fuel blending prior to energy recovery at another site (waste generated either on-site or received from off-site)   |
| <b>Destruction or Treatment Prior to Disposal at Another Site</b> |   |
| <b>Code</b>   | <b>Management Method Code Description</b>   |
| H040  | Incineration - thermal destruction other than use as a fuel (includes any preparation prior to burning)   |
| H070  | Chemical treatment (reduction/destruction/oxidation/ precipitation); do not include immediate treatment in an exempted wastewater treatment unit with discharge to a NPDES-POTW (unless required by state)              |
| H081  | Biological treatment; do not include immediate treatment in an exempted wastewater treatment unit with discharge to a NPDES-POTW (unless required by state)   |
| H100  | Physical treatment only (adsorption/absorption/separation/ stripping/dewatering); do not include immediate treatment in an exempted wastewater treatment unit with discharge to a NPDES-POTW (unless required by state) |
| H110  | Stabilization prior to land disposal at another site (encapsulation/stabilization/fixation)   |
| H120  | Combination of chemical, biological, and/or physical treatment; do not include immediate treatment in an exempted wastewater treatment unit with discharge to a NPDES-POTW (unless required by state)                   |
| H121  | Neutralization only (no other treatment)  |
| H122  | Evaporation (as the major component of treatment; not reportable as H070, H081, H100, or H120)  |
| H129  | Other treatment that does not include onsite disposal (specify in comments)   |
| <b>Disposal</b>   |   |
| <b>Code</b>   | <b>Management Method Code Description</b>   |
| H131  | Land treatment or application (to include any prior treatment and/or stabilization)   |
| H132  | Landfill or surface impoundment that will be closed as landfill (to include prior treatment and/or stabilization)   |
| H134  | Deep well or underground injection (with or without treatment; this waste was counted as hazardous waste)   |
| H135  | Discharge to sewer/POTW or NPDES (with prior storage - with or without treatment)   |
| <b>Transfer Off-site</b>  |   |
| <b>Code</b>   | <b>Management Method Code Description</b>   |
| H141  | The site receiving this waste stored/bulked and transferred the waste with no treatment or recovery (H010-H129), fuel blending (H061), or disposal (H131-H135) at that receiving site.                                  |
