Subject: [EXTERNAL] Request to Cancel April O&M - BNSF Livingston

Eric,

After careful consideration, and in accordance with the State of Montana directive for “shelter-in-place” in response to the Coronavirus pandemic, BNSF and WET are requesting DEQ’s approval to cancel the operation and maintenance activities for the Air Sparge/Soil Vapor Extraction system at the BNSF Livingston site, scheduled for 1 April 2020. BNSF and WET will continue to monitor the situation and will make decisions regarding future O&M events in the weeks ahead

Please advise if DEQ agrees with this request. Feel free to contact me at any time if you have any questions or concerns.

Thanks,

Todd Miller | Vice President
