1	WHEREUPON, the following proceedings were
2	had:
3	* * * *
4	CHAIR SIMPSON: Good morning, everyone.
5	Let's bring the meeting to order. Sandy, would
6	you call the roll, please.
7	MS. MOISEY-SCHERER: Good morning,
8	everybody. Chair Simpson.
9	CHAIR SIMPSON: Here.
10	MS. MOISEY-SCHERER: Board Member
11	Altemus.
12	BOARD MEMBER ALTEMUS: Present.
13	MS. MOISEY-SCHERER: Board Member
14	Knuteson.
15	BOARD MEMBER KNUTESON: Here.
16	MS. MOISEY-SCHERER: Board Member
17	Rankosky.
18	BOARD MEMBER RANKOSKY: Here.
19	MS. MOISEY-SCHERER: Board Member Smith.
20	BOARD MEMBER SMITH: Here.
21	MS. MOISEY-SCHERER: Vice Chair Aguirre
22	said she would not be attending, but we still have
23	a quorum.
2 4	CHAIR SIMPSON: And I gather Jon Reiten
25	is not here?

MS. MOISEY-SCHERER: I'm sorry. I couldn't hear you.

CHAIR SIMPSON: Is Jon Reiten present?

MS. MOISEY-SCHERER: No, he's not.

CHAIR SIMPSON: I know that he had asked not to be reappointed. I wasn't sure if he would participate in this meeting or not. But okay.

Let's proceed with the agenda.

* * * * *

(ALSO PRESENT: Board Attorney Terisa Oomens. DEQ Personnel Present: Board Secretary: Sandy Moisey Scherer. Board Liaison: Deputy Director James Fehr. DEQ Director Sonja Nowakowski. DEQ Communications: Emma Gronda, Madison McGeffers. DEQ Legal: Catherine Armstrong, Isabelle Nebel, Sam King, Nick Whitaker. DEQ Air, Energy and Mining: Eric Dahlgren, Josh Bridgeman, Mike Glenn. Other Parties Present: Laurie Crutcher, Crutcher Court Reporting. Elena Hagen, Montana DOJ Agency Legal Services Bureau; Robert Farris-Olsen; David (Kim) Wilson - Morrison Sherwood Wilson & Deola, PLLP; Matt Guptill, Sabrina Temple, Decker Coal; Samuel Yemington, Holland & Hart; Vicki Marquis, Mark Stermitz, Crowley Fleck; Todd Briggs,

Westmoreland Mining; Lori Watson; David Smith, 1 2 Montana Contractors Association) 3 CHAIR SIMPSON: The first item is to 4 5 review and approve the minutes from the December 20th, 2024 meeting. Are there any changes, 6 7 alterations, comments on the minutes? 8 (No response) CHAIR SIMPSON: Is there a motion? 9 10 BOARD MEMBER SMITH: I'll motion to 11 approve the meeting minutes from the December

BOARD MEMBER RANKOSKY: Second.

CHAIR SIMPSON: A motion has been made and seconded to approve the minutes of the December 20, 2024 meeting. All in favor, say aye.

meeting.

CHAIR SIMPSON: Opposed.

(No response)

CHAIR SIMPSON: Motion carries. Let's proceed to the briefing items. I have a few questions and comments on these as we move along, so let's just go a page at a time.

First is under "Cases in Court," and the only one listed there other than the DEQ versus

BER case is Western Energy. Which one is this?

AM4? Yes, this is AM4. Signal Peak I believe

should be here also, has a case in court. Teris

4 are we missing something here?

MS. OOMENS: No. Sorry. I apologize.

I wasn't aware that you were specifically asking
me a question. Yes, it can be readded. I'm not
sure how or when it fell off, but we can
definitely put it back on the agenda.

CHAIR SIMPSON: To the best of my knowledge, it hasn't been resolved. In fact I wanted to bring that up a little later. But that is one that is in court, and it's been there for a couple years, and you and I have talked about it. As far as I know there hasn't been any decision.

MS. OOMENS: Correct.

CHAIR SIMPSON: Okay. Moving ahead to Page 5. This is Item 2(a) Westmoreland Resources MPDES. I see that there has been some activity on this. This is one that has been with us for a very long time. I think the comment there is self-explanatory. Would anyone from either DEQ or Westmoreland care to comment on that?

MR. KING: Good morning, Board Chair Simpson and Board members. This is Sam King for

DEQ. Kirsten Bowers, who is representing the agency on this case, had something up and was unable to attend the BER meeting. But the information that you have reflected on the agenda with respect to the public comment period going until June 1st is accurate. I don't really have anything further to add other than that.

CHAIR SIMPSON: Is there some hope that this case will ultimately be resolved in the near future?

MR. KING: I can't speculate on that.

CHAIR SIMPSON: Okay. Thank you. We'll revisit that in June, which will be after the June 1st deadline that's noted in the comment there.

Moving ahead. Page 11 Item (e), this has to do with Riverside Contracting and Friends of the Jocko. That case is in court now, is it not?

MS. OOMENS: That's correct.

CHAIR SIMPSON: So perhaps for the next meeting we should move that ahead into the Cases in Court.

MS. OOMENS: My understanding is Elena leaves it on the agenda for one meeting after the Board decision, and just in case we do have to

move it to court. So I believe at least the way I understand how the agenda is written, it stays in this position for one meeting, and then yes, as of next meeting it will be moved.

CHAIR SIMPSON: Okay. Sounds good. Thank you.

Page 17, Item (c), this is the Gateway
Conservation Alliance regarding opencut mining
permit near Gallatin Gateway. I believe that's
the Black Pit TMC. I believe this one is also in
court, and also I wanted to ask.

As I recall, there was another case in Gallatin County, gravel pit case, which I don't see on the briefing items. Am I missing something here, Terisa?

MS. OOMENS: I think that other case is Letter (d) on the next page.

CHAIR SIMPSON: Okay. All right.

Sorry. I stand corrected. That one also seems to be in court. Is there an update to the status of those? I think at one point, we had heard that they had been remanded back to the Board, but have there been any developments there at all?

MR. KING: Board Chair Simpson, Sam King again. So with the GCA, the stay was with respect

to a constitutional challenge that was filed in Gallatin County, and that's the same with the GCCC case was also stayed based on the constitutional challenge in District Court.

The Attorney General's Office appeared, and is defending the constitutionality of the opencut act in that case. The AG's Office filed a motion to dismiss GCA's constitutional claim as to both their facial constitutional challenge, and their as-applied constitutional challenge.

The District Court then granted the motion as to the as-applied challenge, stating that petitioners would have to exhaust their administrative remedies, meaning they would have to go through the BER proceeding to develop an administrative record before they could bring an as-applied constitutional challenge, but the Court denied the AG's motion on the grounds that the facial challenge to the Opencut Act was ripe.

Subsequently to the Court's order, which I believe was issued, I want to say late February or early March, the Attorney General's Office then filed a second motion to dismiss based on new case law under the argument that even for a facial constitutional challenge, when it concerns a MAPA

contested case proceeding, you'd have still have to go through the BER.

There's still ongoing briefing on that issue, so ultimately that case hasn't been resolved yet, but once it has been, I suspect GCA may re-engage their stayed BER proceeding.

CHAIR SIMPSON: Thank you, Sam. Could you explain briefly the difference between the two types of constitutional challenges that you cited.

MR. KING: Yes. So an as-applied constitutional challenge means you as a petitioner are challenging the constitutionality of a statutory scheme based on specific unique facts to your case. So it may not be unconstitutional in all instances, but you're stating that in the specific context that you are challenging a specific determination that in fact your constitutional rights have been infringed.

In contrast, if you're raising a facial constitutional challenge, then you need to prove that in all instances the statute is unconstitutional. Does that make sense?

CHAIR SIMPSON: Yes. That makes good sense. Thank you very much. So has this appeal been made on one or the other or both bases, or is

it automatically considered under both scenarios?

MR. KING: It's not automatically considered under both scenarios. It's dependent on whatever the complaint challenges the constitutionality of the statutory provisions.

So a petitioner could bring a facial constitutional challenge; alternatively could raise only an as-applied constitutional challenge.

In this instance, GCA had raised both an as-applied constitutional challenge and a facial challenge.

And the Court dismissed the as-applied constitutional challenge stating that the petitioners would need to exhaust their administrative remedies by first going through BER review to develop a record, from which the Court could then assess whether or not the statute provisions in question are indeed unconstitutional.

And because they hadn't done so, the

Court said, "We can't hear this case yet," finding
that long standing Montana Supreme Court precedent
would require you to basically go through the BER
first, and then you can raise -- If, say, you
filed a petition for judicial review, then you

could raise your constitutional challenges.

But the Court again denied the Attorney General's motion to dismiss the facial constitutional challenge because it said based on existing case law, you don't need to go through the BER process and exhaust your administrative remedies before you can go seek relief if the statute is unconstitutional in all instances, meaning that the case is still alive currently.

That said, then the Attorney General's Office, based on new case law that just came out at the end of last year, and after the first motion was completely briefed, that seemed to suggest that existing precedent was overturned to the extent that even when bringing a facial unconstitutional challenge, you would still need to develop an administrative record when it involves a MAPA contested case proceeding.

And so that issue remained unresolved, so yet to be determined how the Court will determine that issue.

CHAIR SIMPSON: Thank you for the clarification, Mr. King. That helps a lot. So I guess we'll wait and see what happens, like we had another choice. Any other comments or questions?

Yes. I'm sorry.

BOARD MEMBER ALTEMUS: Chair Simpson, this is Julia Altemus. So before you move on, I do have a question regarding the pending cases. I think there's like four of them that are pending the decision by the Hearings Examiner. I guess a general question is: How long does that take, or do we have some kind of time frame as to when that's going to happen? Because there are four that are just pending decisions from that person, and maybe we could take action and move on.

They've been there for quite awhile.

CHAIR SIMPSON: Three of those are cases that are being handled by Rob Cameron, and we've been looking into that to see if we can get a handle on what's holding those up. And those are, I think those are the only three cases that are left with Mr. Cameron.

The fourth one I assume you're talking about is Clearwater?

BOARD MEMBER ALTEMUS: Could be. It's not on my screen anymore, but I think there were four for sure, so that would make sense.

CHAIR SIMPSON: Clearwater is close.

Terisa is working on that one. We should see that

at our next meeting.

BOARD MEMBER ALTEMUS: Okay. It would be nice if we could figure out the other three, because I think that's only prudent to get those things done on behalf of everybody.

CHAIR SIMPSON: Well, it's very frustrating for everyone involved, because it seems like they've been hanging for a long time.

 $\label{eq:board_board} \mbox{BOARD MEMBER ALTEMUS:} \quad \mbox{They have been.}$ Okay. Thank you.

CHAIR SIMPSON: So we will pursue that, and hopefully have more information on that at our next meeting. Anything further on the briefing items?

(No response)

CHAIR SIMPSON: Let's move ahead to

Roman Numeral III, Action Items. The first is the

Matter of the Notice of Appeal and Request for

Hearing by Alpine Pacific Utilities regarding

issuance of MPDES Permit No. MTX000164, BER

2019-06, Water Quality.

I'm not even sure I understand what we're being asked to do here, and I was hoping there was somebody who can brief the Board from both Alpine and -- on just what this is all about,

so we can understand what it is we're being asked to approve.

(No response)

CHAIR SIMPSON: Is there nobody here to address this?

MR. KING: Board Chair Simpson, I'm sorry to take up all of your time today.

Again, Kirsten Bowers is the attorney of record for the Alpine Pacific Utilities.

Basically the parties have just entered into a stipulation. They're working out an agreement, and trying to extend the time from which DEQ can complete a nonsignificance determination at Outfall 001. It's not complete.

So basically the first amendment to the second stipulation sets the deadline to move the permit renewal and modification forward. All that's being asked of the Board is just to agree to retain jurisdiction over this matter, and then within thirty days after issuing the permit, Alpine will move to dismiss the existing case. And then they could, if they so choose, appeal the new permit that will be issued, but that would be a new case.

So all to say a pretty uncontroversial

request of the Board, but it's basically just asking the Board to bless the agreement between the parties, so that they can continue to work this out on an extended deadline that they've agreed upon.

And I don't know if -- Rick Tappan is the attorney of record that represents Alpine.

I'm not sure if he's on today or not.

MS. MOISEY-SCHERER: Chair Simpson, this is Sandy. The Counsel for Alpine is not on the call.

CHAIR SIMPSON: Thank you. What I'd hoped was that someone could explain to the Board just what Alpine is, and there's apparently groundwater discharges, significant volumes of water. I for one have no idea what the issue is on the ground. This has been on our list of briefing items for as long as I've been on the Board, and before that.

So I guess before I would ask if there's a motion, it sounds like a procedural question.

I'm reluctant to hold up the process, but I really would like to know what this is all about, but I guess that's going to have to wait for another time.

1 BOARD MEMBER SMITH: Chair Simpson.

CHAIR SIMPSON: Yes.

BOARD MEMBER SMITH: Ms. Oomens, is she still the Hearing Examiner on this case? Would it make sense to hear her thoughts on this?

MS. OOMENS: So I am the Hearing Examiner to the extent that I'm monitoring the case, and getting the status reports from the parties.

The way I understand what's happening is they're just negotiating, so I'm not actually taking any action as a Hearing Examiner. The parties are just negotiating amongst themselves. And so our action in this is again just monitoring, and as Mr. King said, in the event that there's a problem with a new permit that's issued, that will be a new case.

So this case is kind of just waiting for them to finalize their agreement on whether there's going to be a new permit or not. I don't know if that addresses any of your questions or concerns, but that's kind of my role, our role.

BOARD MEMBER SMITH: It looks like to me we're being asked to basically approve an amendment, and I don't know why we would do that

until the case is somewhat finalized.

MS. OOMENS: So again, maybe Mr. King can explain it a little bit more, but as far as I read it, the amendment is just changing a deadline. It's just changing the timeline, pushing out the finalization of that agreement. And so if we don't let them push the deadline, then it just kind of falls through, and I don't know what impact that would have on their permit they have currently.

BOARD MEMBER SMITH: Who set the deadline?

 $$\operatorname{MS}$. OOMENS: This is a great question for Mr. King.

MR. KING: Board Member Smith. The parties just agreed to the deadline. And to give the Board just some insight, part of the reason this case has been ongoing is there's been what DEQ believes to be some confusion from Alpine and its representatives about what was actually required for DEQ to process this permit renewal and modification.

Alpine has gone through several attorneys here, and so we've been working with Alpine to try and get all of the information that

we need so that we can process this permit. And so therefore the parties have worked out an extension of existing deadlines for which they can actually do so.

We're just asking for -- because it's before the Board, and it has been before the Board for a long time, we're just asking for the Board's approval to the new deadline that the parties agreed upon, if that makes sense.

BOARD MEMBER SMITH: Why do we need to approve the deadline? I mean I assume this happens all the time between two parties like this and the Hearing Examiner that these cases are extended amongst you all, without us having to determine anything in that. So why do we have to approve it? Why do we need to -- if it's just a notice, do we need a motion for anything here?

MS. OOMENS: I guess I'm not -- Are you directing that question at me or Mr. King? Just to clarify.

BOARD MEMBER SMITH: Either. Whoever can best answer it.

MS. OOMENS: So I would say that it comes in front of the Board because it's a settlement deadline, because it's revising the

stipulation that they've agreed to. And so that stipulation is in essence a final agreement between the parties, and so because it's revising that final agreement, then it has to come before the Board rather than the Hearing Examiner.

I guess my question, and where I get a little confused, is why, if the intent of the parties is to come up with a new permit, which would then maybe be appealed on its own and be a new case, why we continue to oversee this one.

I'm not sure if Mr. King would be able to answer that, but that would be -- that's kind of my outstanding question for this case, is why we're continuing to oversee it when they could just negotiate this on their own.

BOARD MEMBER SMITH: I guess that's where I'm confused, because it seems like when things like this have happened before, we just get a motion to dismiss, and so why do we not just wait until that happens?

MR. KING: I understand your question and your confusion, Board Member Smith.

I think the request was made because dating back to 2020, the Board did assume jurisdiction over this matter, and also voted to,

initially back in October 2020 voted to adopt the parties' stipulation and request for retention of

Board jurisdiction in the first instance.

So because it's under the Board's purview, since that time there's been several modifications to this agreed stipulation, and consistent with past practice have just requested for ongoing requests of the Board to retain jurisdiction.

That said, if the parties work this out, then ultimately there will be a motion to dismiss this case; and should Alpine desire, would appeal that issuance or denial of the permit also to this Board.

It does seem procedural and sort of unnecessary in a sense, but recognizing that the Board did accept jurisdiction in the first instance, the parties have just operated under the assumption that any sort of further stipulations or agreements would also be approved or rejected by this Board as well.

I suppose the Board does have authority to just disagree to retain jurisdiction, which they could do that as well, and the parties could presumably still work it out on their own, but --

BOARD MEMBER ALTEMUS: Chair Simpson.

Thank you, Mr. King. I was actually just going to ask you that, because it looks like we're being asked to do two things, and the last one is to agree or disagree to retain the jurisdiction of the Board. So what happens if we just disagree to retain, and I think you answered that question.

CHAIR SIMPSON: Mr. King or Ms. Oomens, either one.

MR. KING: Board Chair Simpson. I don't have anything further. I'll obviously leave it up to the Board to decide what it wants to do.

I am a little concerned, just because if the Board doesn't agree to retain jurisdiction, and then approve the first amendment to the second stipulation, my only concern is that neither Alpine's attorney is present on the call, and nor is Ms. Bowers. So I wouldn't want to interfere with the agreement that they've reached without giving them an opportunity to respond to those issues.

So I guess to that extent, without them being here, my request to the Board is just bless the second stipulation, and continue to hold jurisdiction to the Board. I don't think doing so

Board's docket because the parties are in the midst of resolving this case, and ultimately should be removed here shortly.

BOARD MEMBER ALTEMUS: Chair Simpson.

will put any sort of additional demand on this

I'm assuming we invited the attorney for Alpine to be here. Did we invite the attorney for representation? Were they invited to be at this meeting and they're just not here?

CHAIR SIMPSON: I have to assume that they were notified that this item was on the agenda.

BOARD MEMBER ALTEMUS: I guess my concern is this has been going on for five years, more than five years, and whatever we can do to get it resolved, and I'm not sure that the parties are that concerned.

CHAIR SIMPSON: Terisa, please correct me if I'm wrong, but I think we have a couple of options here. The first is to do as we're being asked, which is to approve the first amendment to the second stipulation, whatever it is, extending the time; and the second is to retain jurisdiction.

The second option would be to approve

the amendment, that is, extend the time frame, but table the question of jurisdiction until -retaining jurisdiction until the next meeting when hopefully somebody will be able to explain to us a little more clearly what the ramifications would be.

And third is just to table the whole thing. I hate to do that because this has hung now for years, and it would really be nice to get it resolved, so I'd be reluctant to introduce yet another delay. Is that an accurate assessment?

MS. OOMENS: That's correct. You can approve everything they're asking for, you can partially approve it and deny some of it, or you can completely deny what they're asking.

But again, kind of as we've talked about, this really is kind of a blessing from the Board. So the parties are still negotiating and doing their thing behind the scenes.

So I guess if you want my opinion on it,
I would suggest that we just table it until the
next meeting so that the actual attorneys that are
working on the cases can tell us what's happening.
I know that's kind of something we discuss anyway
for all the cases, so maybe that's the best

option.

And as great as Mr. King is at filling us in, like he said, he's not the attorney on the case. So maybe it's best to just wait for them.

BOARD MEMBER SMITH: Chair Simpson, it looks like the status report is June 20th, which actually exactly coincides with our next Board meeting. Is that date supposed to be when it's submitted to us, or when it's submitted to the Hearing Examiner?

MS. OOMENS: That would be submitted to me. So I get the status reports from the parties. You guys just get any revisions to the stipulation between them.

BOARD MEMBER SMITH: So realistically speaking, it might not be to the point of conclusion where we can actually make another determination until probably the following meeting in August; is that accurate?

MS. OOMENS: If they have any further changes to the stipulation, that could come at any point in time. That's not necessarily matched up with the status report. The status report just comes to me to make sure that they are still making progress and moving along. Does that make

sense?

BOARD MEMBER SMITH: Yes.

CHAIR SIMPSON: If I understand correctly, the Board has initially assumed jurisdiction over this case rather than assigning it to a Hearing Examiner, which is why the question is coming to us in the first place.

MS. OOMENS: If I could just jump in and clarify on that piece. That's not wholly correct. So you did assign it to a Hearing Examiner, but the reason you're getting involved now is because it involves the stipulation, which is a final agreement that the Board has to approve. Although it doesn't --

CHAIR SIMPSON: And this is a stipulation that's been negotiated by the parties?

MS. OOMENS: Correct.

CHAIR SIMPSON: I don't really see any reason to hold off on that. The question of jurisdiction, I'm just not sure to go with that. I'd kind of like to hear from the parties on it. I think we've done a pretty good job of beating this dead horse. Is there a motion to do something?

(No response)

CHAIR SIMPSON: Is there a motion to -
Let's take it one piece at time. Is there a

motion to approve the stipulation, or table it,

4 one or the other?

BOARD MEMBER ALTEMUS: I will move to approve the stipulation, just to keep this thing hopefully getting to a resolution, and not waiting until fall. So I will make that motion.

CHAIR SIMPSON: Is there a second?

BOARD MEMBER SMITH: I'll second that.

CHAIR SIMPSON: Thank you. A motion has been made and seconded. I think we have discussed it sufficiently. All in favor, say aye.

(Response)

CHAIR SIMPSON: Opposed.

(No response)

CHAIR SIMPSON: Motion carries.

As for retaining jurisdiction, is there a motion to retain jurisdiction or a motion to table until the next meeting when the attorneys are present to explain to us what this case is all about?

BOARD MEMBER SMITH: I motion to retain jurisdiction. I think it would still be nice to have a description, but I think we need a motion

1 to retain jurisdiction anyway. 2 BOARD MEMBER KNUTESON: I would second that motion. 3 CHAIR SIMPSON: Thank you. A motion has 4 5 been made and seconded to retain jurisdiction, that the Board retain jurisdiction in this case. 6 7 Any further discussion? 8 (No response) CHAIR SIMPSON: All in favor, say aye. 9 10 (Response) 11 CHAIR SIMPSON: Opposed. 12 (No response) 13 CHAIR SIMPSON: Motion carries. Thank 14 you very much, everyone. 15 16 (Decker Coal Company Request for Hearing 17 Transcript bound separately) 18 (9:40 a.m. to 11:50 a.m.) * * * * * 19 20 CHAIR SIMPSON: General public comment 21 Item 5. Is there any general public comment to be 22 offered? Under this item members of the public 23 may comment on any public matter within the 24 jurisdiction of the Board that is not otherwise on 25 the agenda for the meeting. Individual contested

case proceedings are not public matters in which the public may comment.

(No response)

CHAIR SIMPSON: Hearing none, we'll move to Board Chair update, Item 6. A couple of brief items there. I wanted to just review with the Board the legislative items that surfaced during the Legislature. I know some of you have been keeping track of these, some may not.

I'll start with House Bill 603. This is was to remove the attorney requirement for quasi-judicial boards. This is a bill that I understand was requested by the Governor for the reason that it's been difficult to fill -- Under current requirements, each quasi-judicial board is required to have an attorney, and of course, that includes the Board of Environmental Review. But it's been difficult to recruit attorneys to serve on boards, and there have been long delays, so that's the reason for it, as I understand it.

Most recently the bill has been concurred by the Senate committee. I don't know whether there's been a vote on the floor yet, but presumably that will pass.

Senate Bill 559. This was a bill that

just came out last week on the last day for non-revenue bills. It was to give petitioners on permits, permit actions, the opportunity to bypass BER and go directly to District Court by paying a \$100 fee.

There was a hearing on it last week in Senate Natural Resources. I testified briefly as an information witness. And that bill was tabled in committee, so I believe it is done.

There were two other bill draft requests by Senator Ellis in addition to 559. Those were never drafted as bills, so they've gone away.

There were also two bills having to do with opencut gravel pits. Senate Bill 391 would have revised some of the public notice and public -- rules having to do with public notice and public hearings. That one missed the transmittal deadline, so it is dead.

Senate Bill 460 again revised opencut laws. This one had to do with protection of surface and groundwater, and it also missed the transmittal deadline.

So that's all I'm aware of that has been going on in the Legislature that has any direct applicability to the Board. Julia, I know this is

your bailiwick. Am I missing anything?

BOARD MEMBER ALTEMUS: Not for us. No. Well, there's definitely some nutrient standard nutrition stuff going through, but opencut, and the direct bills that would have impacted the Board, you handled those, so thank you.

CHAIR SIMPSON: Thank you very much. A couple of other items.

At the beginning of the meeting we were talking about cases in court, and at our next meeting I'd like to ask the parties in those cases to brief us on where they stand.

The two cases that I have in mind are the Signal Peak case, which had to do with water availability to support post-mining land use.

That was decided by the Board and appealed to District Court. I have not heard one word about it since, and have no idea where it stands.

That's been over two years ago. So I thought it's something that I don't want the Board to lose track of because it's hanging out there.

And then the same thing with the Rosebud Mine Amendment 4 case. That one was decided by the Supreme Court over a year ago. In fact it was the day after Thanksgiving day of 2023. It was

remanded back to District Court. There were a

couple of issues that were to be remanded back to

the Board, but we have nothing from the Court, and

so I'll be asking Terisa to contact the parties in

those two cases to give us briefings at the next

6 meeting.

And then the third item would be the Cameron cases, which we've already discussed. There are three cases there. The latest we've heard, we're waiting on the proposed findings of fact, conclusions of law. So we need to look into that, and see what the status is, and whether there's anything we can do to shake those loose.

That's all I've got. Any questions from for me from the Board?

(No response)

CHAIR SIMPSON: Thank you very much, everyone. It's been an interesting meeting to say the least. It looks like we have three minutes to go until lunch time, so we're doing okay there.

Is there a motion to adjourn?

BOARD MEMBER SMITH: So moved.

BOARD MEMBER ALTEMUS: Second.

CHAIR SIMPSON: It's been moved and seconded to adjourn the meeting. We'll see you at

```
32
     our special meeting in a couple of weeks.
 1
                                                    All in
 2
     favor, say aye.
                (Response)
 3
                CHAIR SIMPSON: We're adjourned.
 4
                                                     Thank
     you everyone for your patience and diligence.
