

Blower Door and Duct Tightness Testing

This list is comprised of individuals and organizations available to perform blower door and/or duct tightness testing. The Montana Department of Environmental Quality (DEQ) makes no endorsement, expressed or implied to any person or organization on this list. This list has been compiled by [Paul Tschida](#) (406-4446464) with Montana DEQ. Please contact Paul if additional qualified people should be included on this list.

Blower door, duct tightness, and infrared camera equipment is available at the following Montana Builders Association offices. Unless otherwise noted the equipment is only available to members of that local Builders Association. A fee may be charged to use the equipment and other restrictions may apply.

- Helena Building Industry Association: 406-449-3358
- Bitterroot Building Industry Association in Hamilton: 406-375-9411 – Equipment is available to other Montana Builder Industry Association affiliates members.
- Homebuilders Association of Great Falls: 406-452-4663
- Missoula Building Industry Association: 406-543-4423
- Flathead Builders Association in Kalispell: 406-752-2422
- South West Montana Building Industry Association in Bozeman: 406-5858181 – Equipment is available to non- members at a higher fee.

Training is required before equipment can be checked out.

At various times training is available from National Center for Appropriate Technology www.ncat.org (406-494-8653) and the Montana Weatherization Center in Bozeman www.weatherization.org (406-586-0070).

Acronyms:

BPI – Building Performance Institute

HERS – Home Energy Rating System

HEP – Home Energy Partners

NCAT – National Center for Appropriate Technology

NEBB – National Environmental Balancing Bureau

PTCS – Performance Tested Comfort System

Note: On the tables below, if the city is not given in the address column, it is the primary city named above the table.
