

# CHARGE AHEAD MONTANA

Jesse Therien, Nordic Brew Works  
Owner of a Level Two Electric Vehicle  
Charging Station

**How long have you operated your charging station?**

A year and a half.

**Why did you choose to invest in a charging station?**

We wanted to show our customers that we are willing to invest in green technology.

**How many cars use it?**

Anywhere between two to ten every week.

**Would you recommend other business owners invest in a charging station?**

Yes.

**What advice would you give a business owner considering investing in a charging station?**

They should install a level II charger and make it free.

**Did you use any grant funding to help purchase or install your charging station?**

Yes, Yellowstone-Teton Clean Cities awarded us a \$5,000 grant to help with the installation.

**What has been the most rewarding part of operating your charging station?**

Talking with electric vehicle drivers and seeing the variety of electric vehicles.
