

## Blower Door and Duct Tightness Testing

---

This list is comprised of individuals and organizations available to perform blower door and/or duct tightness testing. The Montana Department of Environmental Quality (DEQ) makes no endorsement, expressed or implied to any person or organization on this list. This list has been compiled by [Paul Tschida](#) (406-4446464) with Montana DEQ. Please contact Paul at DEQ if additional qualified people should be included on this list.

Blower door, duct tightness, and infrared camera equipment is available at the following Montana Builders Association offices. Unless otherwise noted the equipment is only available to members of that local Builders Association. A fee may be charged to use the equipment and other restrictions may apply.

- Helena Building Industry Association: 406-449-3358
- Bitterroot Building Industry Association in Hamilton: 406-375-9411 – Equipment is available to other Montana Builder Industry Association affiliates members.
- Homebuilders Association of Great Falls: 406-452-4663
- Missoula Building Industry Association: 406-543-4423
- Flathead Builders Association in Kalispell: 406-752-2422
- South West Montana Building Industry Association in Bozeman: 406-5858181 – Equipment is available to non- members at a higher fee.

All associations require training on the equipment before it can be checked out.

At various times training is available from National Center for Appropriate Technology [www.ncat.org](http://www.ncat.org) (406-494-8653) and the Montana Weatherization Center in Bozeman [www.weatherization.org](http://www.weatherization.org) (406-586-0070).
