Good morning,

Thank you for accepting public comments! I’m writing today regarding:

Westmoreland Rosebud Mining LLC, Colstrip, Montana - application with the Mining Bureau, Coal Section of the Montana Department of Environmental Quality, to renew coal surface mining permit C1986003A.

I encourage your office to deny this permit and continue your excellent work to protect our environment by encouraging the clean energy transition using affordable modern technology for renewable energy that doesn’t pollute and harm our health.

Thank you!

Kind regards,
Laurel Eastman
