

### Healthcare facilities and reverse distributors subject to Subpart P requirements must notify DEQ

- ✔ 40 CFR Part 266 (Subpart P) requirements are mandatory for Montana healthcare facilities that are Small Quantity Generators, Large Quantity Generators, or reverse distributors.
- Healthcare facilities qualified as SQGs or LQGs, and reverse distributors must submit a Subpart P notification to DEQ. Subpart P notification is voluntary for VSQGs.
- Notification must be made within 60 days of the date Subpart P becomes effective in Montana, or within 60 days of the date healthcare facility or reverse distributor become subject to Subpart P.
- July 13, 2022 - deadline for Subpart P notification by SQG and LQG healthcare facilities and reverse distributors registered with DEQ on or before the May 14, 2022 effective rule date.
- Notify by submitting a completed EPA Site Identification Form (8700-12) to the DEQ Hazardous Waste Program.
- A fee of \$150 will be charged for Subpart P notifications.
