

2026 DEQ Stakeholders and Consultants Days

Cleanups – Intro

- 17.56.605 Cleanup Plan
- Unless “Emergency Response” Cleanup should occur after completion of:
 - 17.56.602 Initial Response & Abatement
 - 17.56.603 Initial Site History
 - 17.56.604 Remedial Investigation
 - A completed CSM must be available

- Remedial Alternatives Analysis (RAA)
- Owners (Operators) must screen and select cleanup alternatives based on:
 - Cost
 - Performance
 - Reliability
 - Implementation
 - Safety
 - Effects on Public Health and Environment

- The Department (DEQ) will approve the cleanup plan after ensuring it will adequately protect human health, safety and the environment.
- Once a work plan is approved by DEQ it needs to be implemented.
- A reminder, per rule, quarterly status reports are to be submitted to DEQ on implementation progress.
