

**MONTANA UNDERGROUND STORAGE TANK PROGRAM
INSTALLER/REMOVER, CATHODIC PROTECTION INSTALLER LICENSE
APPLICATION REFERENCE FORM**

PLEASE TYPE OR PRINT CLEARLY. PLEASE BE SPECIFIC AS TO DATES, LOCATION, AND WORK COMPLETED.

ATTACH ADDITIONAL SHEETS AS NEEDED.

This reference form is for _____, who is applying for a license to perform work on underground storage tank systems. The applicant is applying for the following license:

☐ Installer & Remover
☐ Remover
☐ Cathodic Protection Installer

This reference attests to the above applicant's professional experience, and competency. I understand that licensure will authorize the applicant to be responsible for installation and/or removal of facilities that store liquid petroleum or hazardous chemical products. I recognize that the health and safety of Montana's people, water supplies and environment are dependent on licensing only the most competent and conscientious persons for this work. I, therefore, understand my responsibility for completing this form accurately.

Reference's Name: _____

Address: _____

Phone: (____) _____ Cell Phone: (____) _____

Relationship to applicant (check all that apply):

☐ Former Employer ☐ Co-worker ☐ Supervisor ☐ Customer ☐ Friend

☐ Other (please specify) _____

I have known the applicant from _____ to _____.

Month/Year

Month/Year

I can personally attest to the following work the applicant conducted concerning underground storage tanks:

Underground Storage Tank Facility Name & Address (need not be in Montana)

Date(s) work was conducted:

For an **installer/remover license** the applicant must demonstrate applicable experience for each component of an UST system installation. An UST “system” is separated into five components (**tanks, piping, spill, overfill and corrosion protection**). The applicant must also demonstrate applicable experience for an UST system closure (**tanks/pipe installations and site assessment**). For cathodic protection installer, the applicant must demonstrate applicable experience for UST systems. **Please check the boxes below that apply.**

System Install and CP Install

Tanks	Piping	Spill	Overfill	Corrosion Protection

System Closure

Tanks	Piping	Site Assessment

Work was _____satisfactory _____unsatisfactory

Comments: _____

____ I consider the applicant to be qualified for an Underground Storage Tank License.

____ I do not consider the applicant to be qualified for an Underground Storage Tank License.

Signed: _____ Date: _____
