State whether a direct health/environmental threat will be mitigated through redevelopment of this site:

Applicant Name (print):

Applicant Signature and Date below:

CONSENT FOR ACCESS TO PROPERTY

Please provide a copy of the deed with this access agreement

Name: _____
Property Owner

Address: _____

Property Address where Entry and Access is sought (*if different than above*):

The Montana Department of Environmental Quality (DEQ), acting through its officers, employees, contractors, agents, and authorized representatives (authorized agents), is conducting a Brownfields remedial investigation to understand the nature and extent of contamination at the _____, located at _____, in _____, MT.

In the event that DEQ and or its contractors is funding/performing the remedial investigation, corrective action, or cleanup, I hereby authorize DEQ, and its authorized agents, to enter and have access upon the property at the above-written address at all reasonable times to inspect, to install soil borings and monitoring wells, to conduct corrective action activities (including the removal of petroleum-contaminated soil), and to take any and all samples of air, soils, tap water, surface water, groundwater, and soil gas from the premises as DEQ and its authorized agents may determine necessary.

I understand that as the owner, operator, tenant or other person in charge of the property at the above-written address, I am entitled to receive a receipt from DEQ or its authorized agents describing any sample taken and, if requested, a portion of each such sample. DEQ and its authorized agents will promptly furnish me with a copy of the results of any analysis made of such samples. Any entry, inspection and sampling of the property at the above-written address shall be completed with reasonable promptness.

In the event that an entity other than DEQ is responsible for the remedial investigation, corrective action, or cleanup I authorize DEQ, and its authorized agents, to enter and have access upon the property to inspect and oversee as DEQ and its authorized agents may determine necessary.
