

## Montana Certified Laboratories

Highlighted Labs are certified to analyze for lead in drinking water in Montana. The other labs may be available to receive samples and then transfer the samples to a lead certified laboratory. There may be additional costs associated with their handling of the samples that can not be covered by the DEQ lab reimbursement program. Please contact the labs for clarification.

When contacting a laboratory make sure to tell them that this is for the **Lead in Schools Program** and **NOT the Lead and Copper Rule**.  
The samples must be collected in 250 ml containers.

LabName	Address	City	State	Zip	Phone	Website	COC Contact Name
Alpine Analytical	1315 Cherry Avenue	Helena	MT	59601	(406) 449-6282	<a href="http://www.alpineanalytical.com/">http://www.alpineanalytical.com/</a>	Rae Ham
