Notice of Termination (NOT) Storm Water Discharges Associated with Construction Activity MTR100000

This NOT form is used for a permittee to request to termination of coverage under the Montana Department of Environmental Quality's *General Permit for Storm Water Discharges Associated with Construction Activities*. This form should only be submitted when a facility or site has achieved final stabilization. You must type or print legibly; forms that are not legible or are unsigned will be returned.

PLEASE READ THE ATTACHED INSTRUCTIONS BEFORE COMPLETING THIS FORM.

Section A – Facility or Site Information

Permit Number: MTR1 _____

Facility or Site Name _____

Site Physical Address (or directions to the site) _____

Nearest City or Town _____ Zip Code _____ County _____

Section B – Applicant (Owner/Operator) Information

Name of Owner/Operator (Legal Name of Organization) _____

Mailing Address _____

City, State, and Zip Code _____

Phone Number _____ Email _____

Section C – Larger Common Plan of Development or Sale

1. Is this project part of a larger common plan of development or sale?

Yes *Complete this section* No *Go to Section D*

2. Choose one:

The entire site meets the requirements in Section E.

Each parcel meets the requirements in Section E or has a new owner/operator who has obtained coverage under the General Permit.

List the new permit numbers _____

3. Attachment

I have attached a map which meets the following requirements:

- Parcel(s) with coverage under a new authorization are marked and labeled,
- Parcel(s) that have achieved final stabilization marked and labeled, and
- Each parcel has a new owner/operator identified.

Section D – Fees

The permittee is responsible for payment of annual fees for each calendar year of coverage. Upon termination, outstanding fees will be invoiced. You may contact the Department to receive an invoice or determine outstanding fees upon termination.

I understand that I will be invoiced outstanding fees upon termination.

Section E – Eligibility for Termination

Final stabilization means the time at which all soil-disturbing activities at the site have been completed and a vegetative cover has been established with a density of at least 70% of the pre-disturbance levels, or equivalent permanent, physical erosion reduction methods has been employed.

- I understand that sediment is defined as a waste under the Montana Water Quality Act. Discharge of wastes to state waters without a current permit is a violation of 75-5-605(2), MCA.
- I understand if this project is located within a MS4, I must follow local MS4 regulations regarding termination of an authorization under the General Permit.

I affirm that the site or facility identified in Section A of this form has:

- Achieved final stabilization as defined in Parts 3.8 and 5 of the General Permit;
- Removed of temporary storm water conveyances/channels and all other temporary BMPs;
Removed of all construction equipment and vehicles from the site; and
- Ceased all potential pollutant-generating activities due to the construction activity.

Section F – Certification

This form must be signed by an individual with signatory authority per ARM 17.30.1323.

A **signatory authority** is defined as:

- For a corporation, a responsible corporate officer. A responsible corporate officer means:
 - A president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy- or decision-making functions for the corporation; or
 - The manager of one or more manufacturing, production, or operating facilities employing more than 250 persons or having gross annual sales or expenditures exceeding \$25 million (in second-quarter 1980 dollars), if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures.
- For a partnership or sole proprietorship, a general partner or the proprietor, respectively.
- For a municipality, state, federal, or other public agency, either a principal executive officer or ranking elected official. A principal executive officer of a federal agency includes:
 - The chief executive officer of the agency; or
 - A senior executive officer having responsibility for the overall operations of a principal geographic unit of the agency

Any Person Signing this Document Must Complete the Following Certification:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person(s) who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information; including the possibility of fine and imprisonment for knowing violations.

A. Name (Type or Print)

B. Title (Type or Print)

C. Phone No.

D. Signature

E. Date Signed
