RE: December 2015 – January 2016 Progress Report
Stimson Lumber Company, Bonner Cooling Pond Removal Project
Administrative Order on Consent, Docket No. SF-10-0001

Messrs. Large and Martin:

Pursuant to Section 81A of the referenced Administrative Order on Consent (AOC), this letter is submitted on behalf of Stimson Lumber Company as a monthly progress report for the preceding period of December 2015 through January 2016.

Compressor Building: Excavations were started in early January on the Compressor Building. Until this point it has been clearing activities and breaking up of concrete pads and foundations. Concrete is being segregated based upon visual staining.

Post-Remediation Monitoring: Ground water monitoring occurred during the month of December and the initial results indicate that all samples are ND or below clean-up levels. A full report will be forthcoming.

Respectfully Submitted,

STEVEN A. PETRIN
Environmental Manager
