**Subject:** Updated Project Permit, Demolition, and Accreditation Forms  
**Date:** Friday, December 28, 2012 5:03:44 PM

---

As many of you know, the Montana Department of Environmental Quality Asbestos Control Program (DEQ) launched its Online Asbestos Project Permit Application Service (<https://app.mt.gov/AsbestosPermits>) in November 2012. The service allows individuals to apply for project permits and notifications to submit their applications online, and pay with a credit card or eCheck as applicable. The service reduces errors, speeds up administrative processing, and gives contractors an opportunity to get their applications in faster than would normally happen by mail.

With this, DEQ has updated the paper project permit and notification forms and the accreditation application. The list of Montana-approved Course Providers was removed from the accreditation application form due to several changes in course providers. The list of Montana-approved Course Providers is now posted on the web at <http://deq.mt.gov/asbestos/acpMTApprvdProviders.mcp>.

Please take this opportunity to download the updated forms by going to [www.asbestos.mt.gov](http://www.asbestos.mt.gov) or using the following links:
